

SonShine Day Camp

Summer Camp

Camper Orientation

Dear Parents:

The following rules and guidelines will be shared with your child. For your child's safety and to enable all the children attending camp to have the most fun & safe summer, we ask that you would agree to reinforce these rules and guidelines with them also.

- 1. We must be good listeners to our counselors and follow the directions they give us:**
No running in the classroom or hallways
No hitting or pushing other campers or counselors
Be safe with yourself, safe with others and safe with 'stuff'
- 2. You are not allowed to leave your counselor, or wander off by yourself.**
- 3. Once a week we will be having a "fire drill". That is when we practice leaving the building in case of a fire emergency. You will hear a very loud "bell". That will be your counselor's signal that it's time to practice**
- 4. Should you fall on the playground and get a little scrape, we have 2 very nice counselors that will be able to help you with that right away. 😊**
